Excision/Alteration: Yes.

Reason(s) for Excision:

One excision is required to remove part of 'Anita's Dreams' in the feature *Pirate Video Production 8 Powerslave*. The excision is to remove a depiction of four males significantly degrading and dehumanising the female with whom they engage in sexual activity. In a static close-up sequence of two minutes' duration, the four men ejaculate on the woman's face and in her mouth while she lies passively. This activity concludes a scene in which the female has the appearance of being a moderately dehumanised collection of body parts for the men's sexual servicing. The ejaculation sequence heavily intensifies the degree to which the woman is degraded and dehumanised and the degree to which the video recording overall degrades and dehumanises the women participants for a predominantly male audience.
